Must-Play. These are songs you definitely want played no matter what given the time! Please limit your must-play list as much as possible to your absolute favorites. I also suggest keeping in mind your audience. THESE ARE SEPARATE FROM YOUR SPECIAL EVENTS (first dance, last dance, cake cutting, ect.) *

DO NOT PLAY *

These are songs you definitely do not want me to play. List as many as you want. My goal is to make your night specials and enjoyable for YOU first, and then the crowd. If you allow guest to request songs and they re on this list, I will politely tell them I can not play them ("Sorry, I don't have that song in my collection," "Unfortunately we are running out of time," etc.).
